

# APOSTOLIC MISSION TO **SOUTH AFRICA** PRAISE REPORT

**JESUS HEALS THE SICK** MINISTRIES APRIL 2018

**S**o, being sent on their way by the church, they passed through Phoenicia and Samaria, describing the conversion of the Gentiles; and they caused great joy to all the brethren. And when they had come to Jerusalem, they were received by the church and the apostles and the elders; and they reported all things that God had done with them

Acts 15:3-4 NKJV

God is good! This is the least I can say after 3 weeks and almost 15 meetings in South Africa, just like the apostles in the scriptures above, it is important to share the testimonies of the Lord's doing in our midst during what my friend and co minister aptly described as an apostolic mission to South Africa.

I left Lagos on the 17th of March by Rwandair and arrived at the Oliver Tambo Int'l airport Johannesburg in the early hours of the 18th, I was met at the airport by brother Jordan PA to my friend Dr Wosu, who drove me through the almost one hour drive to Pretoria to the residence of my Dr Wosu and his beautiful family.

## MINISTRY PARTNERS

## GOD IS ABLE BIBLE CHURCH CRUSADE

Arriving on Sunday 18th, we had just enough time to catch some sleep and head to God is Able Bible Church pastored by Bishop & Pastor (Mrs) Ken Davids in a place called Gaharunkawa, even though we were scheduled to start the crusade the following day, Dr Wosu felt led that we should visit the Church that Sunday, and it was a great time in the Lord, Bishop Ken asked me to greet the congregation and the greeting progressed to an exhortation that led to about six people giving their lives to the Lord.

The scheduled crusade kicked off on Monday and it was wonderful, ministering together with Dr Wosu and sometimes with Mrs Wosu, it was seven days of an outpouring of the Holy Spirit and a blessed ministry of the word, some of the testimonies are related somewhere in this bulletin

### And as many as believed....

We saw at least 7 – 8 people saved on that Sunday morning and every day during the 7 days crusade that followed we saw people saved and restored. The high point of all the messages was Jesus and his Kingdom, we presented a living person to the people and he was mightily glorified.

### TWO NOTABLE CASES

1. There was a young man who had lived a life of carelessness, he was hung up on drugs and gave his people all sorts of problems, he gave his life to Jesus Christ and was ministered to for freedom from drugs. He was present at every service and even the week after was still coming to Church.

He gave his testimony during the testimony service of how he was saved and delivered, It was only later I realized that his parents were leaders in the same Church, it was a tearful time indeed.

2. The other testimony was also very powerful, on the last day of the crusade, the testimony service, Bishop Ken leaned over to tell me that he had come to Church early that morning only to meet a young man waiting at the door of the Church, the fellow had been there since 7am, he had not met the fellow before so he asked him what he wanted, the fellow said he came to Church, thinking he had a special need, he asked him what he wanted, the young man said nothing, he had come to get right with God. Wow! well during the service he came forward to give his life to Jesus and got right with God!

3. During the last service at God is Able Bible Church about 25 people came forward to rededicate themselves to a life of following Jesus.

In all the meetings, the gospel was clearly proclaimed and the response was amazing, people came back to Jesus and some others rededicated their lives to Jesus. For many it became clear, they were saved not by a doctrine but by a person, and the call was to follow that person.

Here are some of the healing miracles that we were able to record during the meetings, and there were so much more. Like Dr Anyi emphasized every healing miracle is clear proof, evidence that the Jesus of the bible is alive and that his message or gospel is true.

1. A brother (Zweli) was having very bad stomach pains (due to a failed suicide attempt) this pain had been for quite a while, it was so bad that at times walking uprightly was very difficult but after being ministered to he was healed, today he is completely free from the pains.
2. Another sister had suffered from migraines since she was a child in primary school, according to her, the pain was so bad that it was daily suffering, medicines had not done her much good, but after being ministered to the pain disappeared, it was such a sight as she tearfully gave her testimony.
3. Child with shoulder problems was healed after ministry

4. A young lady (Zweli's wife) was healed of a broken heart and sleepless nights
5. Another man had been having a problem with his joints (ankle) for about 4- 5 weeks, he was ministered to and the pain disappeared.
6. His wife had been having back pains for some time too, after she was ministered to also the left her, she was completely free. They were the parents of the young man who was saved and delivered from drugs. The whole family was prayed with for healing and reconciliation.
7. A young lady (Lebotho) was healed from a pain in the head, she was delivered instantly, she also requested prayer for a drink problem, and she was also ministered to and felt the power of God come on her for her healing.
8. A woman was healed of an inferiority complex, she was asked 'what do you

want God to do for you/ and she replied, I want to be healed from an inferiority complex, she was ministered to and the following day when she was asked to take the offering, she saw herself not only doing so but speaking and exhorting the brethren with boldness.

9. A woman healed from depression
10. This brother was healed from a longstanding back pain, he responded to the invitation to come forward for ministry and according to him 'his life would never be same again.
11. This sister was diagnosed with anemia and she had been suffering from an unusual blood flow, but she believed the word of God and was completely healed.

There were so many other testimonies of healing, and they are still coming in to the glory of God.

*Delivered from Drug Addiction*

*Healed from Anaemia & Unusual flow of blood*

# Weather Blues

Just have to give glory to God for this, the Garunkawa meeting started off very well with great weather, but by Wednesday the weather had become very bad with rain throughout the whole day, unknown to us the weather service had predicted rain throughout the week leading up to the weekend. We were at the meeting that Wednesday and I remember a pastor saying to us, 'the people will not come because of the rain' and I responded they will come, and to the glory of God they came. That's when we learnt of the weather forecast, we knew we had to do something, that night we sent out whatsapp and messenger texts to friends and partners asking them to pray, they prayed and God did, by Thursday morning, the rain was still falling but by midday it had given way to clear skies. God answers prayers

The following week on one of the days, the skies turned really black with fierce winds and pouring rain, it seemed as if the meeting that evening would be ruined, but again we prayed and in less than ten minutes after we prayed and commanded the skies to clear up in Jesus Name, the clouds lifted and the skies turned blue, after then we had no more threat of rain.

It seems funny but while we were praying for the heavens over Gauteng province, many miles away in Cape Town, renowned evangelist Angus Buchanan was convening a special day of prayer to petition God for rain. Cape Town had been undergoing a very severe water crisis, it had not rained for months and the situation was getting desperate.

The evangelist had called for a day of repentance and prayer, because according to him, the drought was the result of the sins of the people. The people came together to pray on Saturday 25th March and to the glory of God, it rained not once but twice and very substantial amount of rain! Hallelulah!

# Off to JOHANNESBURG

After 7 days of ministry, we had a couple of days break and we were off to the Faith Bible Church in Johannesburg over the Easter holidays, Faith Family Church is pastored by Pastor (Dr) Bonney Cheyip and his wife. Dr Bonny is a specialist neurosurgeon and an old friend from University.

The meetings at Faith Bible were of a different flavor than that at the God is able Bible Church but no less powerful, the central theme of the all the meetings was the revelation of Jesus, in some of the meetings I did share extensively on several prophetic experiences the Lord has given me and granted me access to concerning his plans for the end time revival and the roles of the Church in south Africa and in Nigeria. Here are two of them...

## PROPHECY ABOUT SOUTH AFRICA

Pastor Abe from Nigeria, Africa received two very powerful visions from the Holy Spirit and I would like to share these with you:

*"I spent my time praying early one morning while travelling in Nigeria. Suddenly I was in the spirit and I heard the voice of the Holy Spirit.*

*'Write down what you are about to hear.'*

*Suddenly I saw the globe, and the continent of Africa was in front of me. I saw myself walking from South to North. Everywhere my feet fell, I saw rings similar as when a stone is thrown into a pond. These rings went from South Africa all over the continent of Africa, the sea and to the other parts of the world. I asked the Spirit what the meaning was and this is what the Holy Spirit told me.*

*'The rings you see are the healing, saving and miracle power that will start from the Southern tip of Africa. This will be a mighty outpouring of my Spirit and many will come running into My kingdom. Africa will be saved! Many people from all over the world will come to experience the power of God. You will see things you have never seen before. This is not the so called end time move, but this is a move where sons of God will raise up and take their rightful place.'*

*As I moved to the North, these rings just increased in magnitude and as I stepped into Israel, I turned around and looked back to Africa. I stood amazed as I saw the cross over Africa. The foot of the cross grounded in South Africa, the left and right arms on the horn of Africa and on the Western coast of Africa and the top of the cross on the North edge.*

*Suddenly the Spirit spoke to me again .....*

*'My time is now, where I will make my word come true, Africa will be saved and the gospel of the kingdom of God will go from South Africa to the rest of the world. From now on Africa will evangelize the world, and this initiative I will start from South Africa.*

*The best time in the Spirit is on your doorstep South Africa, now you will see my power and love in action. In the darkest moment My light will shine and no darkness will quench it. I am raising sons who will stand on my word and will proclaim what I say. Do not let your heart be troubled, do not flee South Africa; God will bring the knowledge back to South Africa. A white cloud, God's glory, is rising from the South and the glory of the Lord will cover the earth.'*

*About three months later, one morning in a church service, I was caught up in the Spirit again and God showed me another vision.*

*This was strange because I have never experienced such visions before.*

## Prophecy continued...

At the First National Convention of the Full Gospel Business Men's Fellowship International (FGBMFI) Held at Hotel Presidential in Port Harcourt, 1983.

A visiting delegate from New Mexico USA spoke about visions of black men that God was giving him while he was in his home country. When he asked about who the black men were, The Lord he said explained to him that these black men were Nigerians. He had never visited Nigeria before and the Lord told him he will soon take him there because the nation Nigeria was a nation he planned to use in revival. He then spoke on in prophecy." Thus saith the Lord- Nigeria and Nigerian Christians will be used by the Lord to preach the gospel in the market places of the World in these last days."

Pastor S. G. Elton spoke prophetically in this meeting concerning two key African nations, saying that Africa is like a gun pointed down. Its turret and muzzle is South Africa. Its trigger is Nigeria. He said the days would come when Apartheid (then at its peak in South Africa) will be removed from South

Africa. In those days, he said the Gun of Africa would begin to fire for God's purpose.

To this end it is so important that the Church embraces its prophetic mandate and return to the Lord in repentance, experience renewal and revival so that it may fulfill its calling as an instrument of renewal and healing to the nation of South Africa.

### QUOTES

- Revival is the healing of the Church, it is the Church returning to her default state. Revival is the result of revived people walking in the newness and power of the Spirit.
- Until the Church is healed, the nation cannot be healed
- The first Christians did not pray for revival, they were the revival. Every time we pray for revival, we are confessing that we are dead and we need healing and life.

## HOLY SPIRIT BAPTISM JUST LIKE IN THE ACTS

**W**e saw so many people filled with the Holy Spirit and speak in tongues; we usually dedicated time to talk about this experience and encourage people to press into it. Here are a few testimonies

yield to that power, as the minister ministered to her, speaking in tongues to encourage her, she began to speak in tongues, but this is the testimony; she said as she was being prayed for, she could understand what the minister was saying as he spoke in tongues and he was saying, accept the Holy Spirit, accept the Holy Spirit!

1. A young lady was ministered to, she felt the power of the Holy Spirit come upon her but she didn't seem to receive her prayer language, however she went home and for the first time in a long while, she slept well at night, she felt her burdens lift, she was able to pray after a long time and in the morning when praying, she began to speak in her heavenly prayer language.
2. A young woman was being prayed for to receive the Holy Spirit, the power of God came upon her and she was buckling under the power, but was struggling to
3. Another young lady was hit by a blinding light as she was ministered to, she fell out under the power and was filled with the Holy Spirit.
4. This young lady testified that she was filled with the Holy Spirit, according to her she used to speak in tongues before but she stopped because she felt she was just repeating what she heard people say, but when hands were laid on her this time, she felt something rising up from deep within her and indescribable joy just filled her heart as she spoke in her heavenly prayer language.

# Pretoria Healing Crusade

From Johannesburg it was back to Pretoria, the capital city of South Africa for three days of meetings at the Pretoria Healing Crusade, the crusade was put together with PCM and a number of pastors in the Pretoria area with Rev Ben Uloko acting as the anchor man and chief coordinator.

Explosive would be a suitable word to describe the atmosphere at the crusade, sometimes it is hard to put in words, the impact and the things that accompany the Holy Spirit ministry of the word without seeming to exaggerate, but those who were at the three days of ministry would readily testify to it been exactly what is described.

The last night of the meeting was an impartation and activation night, where hands were laid on people to receive the Holy Spirit and be activated in His gifts, the meetings started at 6pm and continued well into the night and nobody wanted to leave!

## AND HE HEALED THEM...

1. Sister who came out for healing – she had troubling blisters on her feet was prayed for by Dr Anyi Wosu and she testified at the end of the service the following day that she was completely healed!
2. Gina's daughter was prayed for on the Wednesday service 04/04/2018 for headache and abdominal pain and she returned the next day to testify to Dr Anyi that she was healed.
3. Dr Anyi prayed for a music minister(sister) and a brother called "More Blessing", for healing of hypertension and diabetes and for diabetes respectively - we are yet to receive the medical assessment to on firm their healing but we believe that it shall be so according to their faith.
4. On the three nights of the meeting, approximately 10 people responded to the altar call for salvation and re-dedication of their lives to the Lord.
5. Gina was ministered to for a pain in breast.

### *Prophecies/Words of Knowledge/ Words of Wisdom/Impartation*

1. Apostle Oliver prophesied to Brother Anyi and Sister Lerato Wosu as the gifts he had earlier spoken to them about were re-affirmed and released in a greater dimension on the last day of the service. Hands were laid on Dr Wosu's children with specific adjectival declarations over their lives.  
Praise God
2. Apostle Oliver spoke about a person who had the supernatural gift of organization. About 2 people responded and received the impartation thereof.
3. Apostle spoke about God's desire to release the supernatural gift of teaching to those who were in the teaching profession whether in the

- church or in the education system. Approximately 10 people came forward for impartation.
4. Apostle then asked all those that felt a calling towards a healing ministry to come forward. Approximately 12 people came forward, and after he had laid hand on half of them, he asked my wife, Lerato to come forward and lay hands on all of them as part of the exercising the gift of healing he had earlier prophesied unto her.
5. The Apostle received a word of knowledge for people to be released into the gifts of interpretation of tongues, about 10 people came forward and were released into that gift.
6. Three people had hands laid upon them for the infilling of the Holy Spirit.
7. A sister responded to a word from the Apostle regarding a relationship disappointment and she received healing.
8. Another lady was saved and delivered from alcoholism, and she testified to the mercies of God on the first night.
9. The Apostle prophesied an evangelistic ministry to a sister who is engaged to marry a Pastor on the impartation night. The Pastor concurred that she had that calling upon her life. The Apostle prayed for her.
10. The Apostle prayed for all the children that attended the impartation service and laid hands on each of them.
11. The Apostle prophesied, prayed and laid hands on a sister who had a music/singing gift.
12. Brother Anyi prophesied on the bass guitarist, that God was going to use him to do mighty things in his kingdom.
13. Brother Anyi spoke a vision to the Apostle (delivered to him personally).

# And now Midrand

**M**idrand was the final stop on the last leg of the mission to SA and the Church was the Every Nation Church, led by Pastors Eric & Uba Bapetel, Every Nation Midrand is a part of the Every Nation Apostolic network that has Churches and campus ministries all over the world. Every Nation Midrand is a truly apostolic church that is multi racial and diverse. Its facilities are great but more than that the worship, the ministry and the life are so vibrant.

As I prayed towards the meeting, I felt the Lord was bringing healing but on a different plane, not just physical healing but mainly alignment to his mandate for the Church.

I got the theme of my message to the Church from John 20:21, It was another get a time in the Lord, there was no prayer for the physically sick but there was an alter call for people to dedicate themselves to a life of following Jesus and the response just like in other places was wonderful.

## BACK HOME

**M**idrand was the last stop in a long Journey, that night Dr Wosu and his family dropped me off at the airport for my journey back home, we had a wonderful time together as we fellowshipped. I was so blessed to have Dr Wosu's lovely children read me letters they had written just for me! It was such a loving thing to do and I felt so much loved.

The flight back home was uneventful mainly except that the pilot had problems landing at Kigali, he made three unsuccessful attempts to do so without much success (weather conditions), he had to resort to circling waiting for the weather to improve, planes that did not have enough fuel to do that were forced to divert to neighboring Uganda, of course you can imagine after three rather stressful attempts to land, all the Nigerians on board resorted to very 'hot' prayers, anyway the plane was able to land to loud and relieved thanksgiving by the emergency prayer band that surfaced.

That was not all though, we had a two hour delay and we were forced to re route and come to Lagos through Accra. Thankfully after all that it was a very tired but thankful me that arrived home.

**Glory to God!**

Jesus Heals the Sick Ministries is an apostolic ministry dedicated to taking God's healing power to this generation.
